CORPORATE GOVERNANCE GUIDELINES

INTRODUCTION

The Board of Directors (the "Board") of Oppenheimer Holdings Inc. ("Oppenheimer" or the "Company") is committed to fulfilling its mandate to oversee the management of the business and affairs of Oppenheimer, including its subsidiaries and their respective subsidiaries and affiliates (collectively the "Oppenheimer Group"), with the highest standards of ethical conduct and in the best interests of the stockholders of Oppenheimer. The Board, acting on the recommendation of its Nominating and Corporate Governance Committee (the "Governance Committee"), has adopted these governance guidelines to promote the effective functioning of the Board and its committees, to promote the interests of stockholders, and to establish a common set of expectations as to how the Board, its various committees, individual directors and management should perform their functions.

GUIDELINES

Board Responsibilities

The management of the business and affairs of Oppenheimer and the Oppenheimer Group is supervised by the Board. The responsibility of the Board is to provide direction and oversight. The Board oversees the strategic direction of the Oppenheimer Group and the performance of the Oppenheimer's Group's business and management.

In performing their duties, the primary responsibility of the directors is to exercise their business judgment in what they reasonably believe to be the best interests of the Oppenheimer Group. In discharging that obligation, directors should be entitled to rely on the honesty and the integrity of the Oppenheimer Group's senior executives, outside advisors and auditors. The directors also should be entitled to have Oppenheimer purchase reasonable directors' and officers' liability insurance on their behalf, and to the benefits of indemnification to the fullest extent permitted by applicable law.

In fulfilling its mandate and discharging its duty of stewardship of the Oppenheimer Group, the Board assumes responsibility for those matters set out in the Board of Directors' Charter, a copy of which is attached as Schedule A.

Board Composition and Size

The members of the Board collectively should possess a broad range of skills, expertise, industry and other knowledge, and business and other experience useful to the effective oversight of the Oppenheimer Group's business. A majority of the Board should meet Oppenheimer's standards for directors' independence attached as Schedule B.

It is the sense of the Board that, absent special circumstances, the Board should consist of no less than three and no more than eleven members to facilitate its effective functioning, of which no less than a majority should be independent.

Chairman of the Board, Chief Executive Officer and Lead Director

It is the view of the Board that if the roles of Chairman and Chief Executive Officer are held by the same individual, a Lead Director must be appointed by the Board from its independent members. The role of the Lead Director is to assure the independence of the Board from Management, to chair all sessions and meetings of the independent members of the Board and to perform such other duties as may be assigned to the Lead Director by the Board.

Recruitment, Nomination and Appointment of Directors

The Governance Committee is responsible for the recruitment and nomination of persons for Board positions, and to make recommendations to the Board for the appointment of directors to fill vacancies on the Board. In recruiting, nominating and appointing directors, the Governance Committee considers:

- judgment, character, expertise, skills and knowledge useful to the oversight of the Oppenheimer Group's business,
- diversity of viewpoints, backgrounds, experiences and other demographics,
- business or other relevant experience (including previous board experience), and
- the extent to which the interplay of the individual's expertise, skills, knowledge and experience with that of other members of the Board will build a board that is effective, collegial and responsive to the needs of the Oppenheimer Group.

The Governance Committee also is responsible for initially assessing, against Oppenheimer's standards for directors' independence, whether a candidate would be independent and whether continuing directors continue to be independent and advising the Board of that assessment.

Expectations of Directors

The Board has developed a number of specific expectations of directors to promote the discharge by the directors of their responsibilities and to promote the efficient conduct of the Board:

Commitment and Attendance. All directors should strive to attend all meetings of the Board and the committees of which they are members. Attendance by conference call may be used to facilitate a director's attendance.

Participation in Meetings. Each director should be sufficiently familiar with the business of the Oppenheimer Group, including its financial statements and capital structure, and the risks and the competition it faces, to ensure active and effective participation in the deliberations of the Board and of each committee on which he or she serves. Upon request, management will make appropriate personnel available to answer any questions a director may have about any aspect of the Oppenheimer Group's business. Directors also should review the materials provided by management in advance of the meetings of the Board and its committees and should arrive prepared to discuss the issues presented.

Loyalty and Ethics. In their roles as directors, all directors owe a duty of loyalty to Oppenheimer. This duty of loyalty mandates that the best interests of Oppenheimer take precedence over any other interest possessed by a director. Directors should conduct themselves in accordance with Oppenheimer's Code of Business Conduct and Ethics and other governance policies.

Other Directorships and Significant Activities. The Oppenheimer Group values the experience directors bring from other boards on which they serve and other businesses and activities in which they participate, but recognizes that those boards, businesses and activities also may present demands on a director's time and availability and may present conflicts or legal issues, including independence issues. No director should serve on the board of a competitor or of a regulatory body with oversight of Oppenheimer. Each director should, when considering membership on another board or committee, make every effort to ensure that such membership will not impair the director's time and availability for his or her commitment to the Oppenheimer Group. Directors should advise the chairman of the Governance Committee and the Chief Executive Officer before accepting membership on other boards of directors (or similar bodies) or any audit committee or other significant committee assignment on any other board of directors (or similar body), or establishing other significant relationships with businesses, institutions, governmental units or regulatory entities, particularly those that may result in significant time commitments or a change in the director's relationship to the Oppenheimer Group.

Contact with Management and Employees. All directors should be free to contact the Chief Executive Officer and other members of senior management of the Oppenheimer Group at any time to discuss any aspect of the Oppenheimer Group's business. Directors should use their judgment to ensure that any such contact is not disruptive to the operations of the Oppenheimer Group. The Board expects that there will be frequent opportunities for directors to meet with the Chief Executive Officer and other members of senior management of the Oppenheimer Group in meetings of the Board and committees, or in other formal or informal settings.

Speaking on Behalf of Oppenheimer. It is important that the Oppenheimer Group speak to employees and outside constituencies with a single voice, and that management serve as the primary spokesperson.

Confidentiality. The proceedings and deliberations of the Board and its committees are highly confidential. Each director will maintain the confidentiality of information received in connection with his or her service as a trustee and shall not share any such information with third parties.

Continuation as a Director

The Board does not believe that it should establish term limits. While term limits could help ensure that there are fresh ideas and points of view available to the Board, they hold the disadvantage of losing the contributions of directors who have been able to develop, over a period of time, increasing insight into the Oppenheimer Group and its business and are able to provide an increasing contribution to the Board as a whole. As an alternative to term limits, the Governance Committee will review each director's continuation on the Board each year as part of

the director assessment process. This process also allows each director the opportunity to confirm his or her desire to continue as a member of the Board.

When a director's principal occupation or business association changes substantially from the position he or she held when originally invited to join the Board (determined by reference to factors such as country of principal residence, principal occupation, industry affiliation, other boards on which the director serves etc.), that director should advise the chairman of the Governance Committee of such change. The Governance Committee will review that director's continuation on the Board and recommend to the Board whether, in light of all the circumstances, the Board should request that the director resign.

Committees of the Board

The Board has at least four standing committees: the Audit Committee, the Compensation Committee, the Governance Committee and the Compliance Committee. The Board may, from time to time, establish or maintain additional committees as it determines to be necessary or appropriate. Each committee shall have a written charter or mandate and should report regularly to the Board, summarizing the committee's actions and any significant issues considered by the committee.

Each of the Audit Committee, the Compensation Committee, the Governance Committee and the Compliance Committee will be composed of no fewer than three members, each of whom will satisfy the membership criteria set out in the relevant committee charter. Members of committees will be appointed by the Board, with consideration for the desires of individual directors. A director may serve on more than one committee. The Board will designate one member of each committee as chairman of that committee. No member of Oppenheimer's Audit Committee should simultaneously serve on the audit committees of more than three other public companies, unless such service is approved by the Board.

Meetings

The Board should meet at least four times each year and more frequently as required. Each committee should meet as provided in its charter.

The agenda for each meeting of the Board will be established by the Chairman, in consultation with the Lead Director and appropriate directors and members of senior management of the Oppenheimer Group. Any director may suggest the inclusion of additional subjects on the agenda. Each director is free to raise at any meeting of the Board subjects that are not on the agenda for that meeting. The Board will review the principal issues that the Oppenheimer Group expects to face in the future during at least one meeting each year.

The agenda for each committee meeting will be established by the chairman of that committee in consultation with appropriate members of the committee and senior management of the Oppenheimer Group.

Although management will seek to provide appropriate materials in advance of meetings of the Board and its committees, and will use its best efforts to do so, this will not always be consistent with the timing of transactions and the operations of the business, and in certain cases it may not

be possible to circulate materials in advance of the meeting. Materials presented to the Board should provide the information needed for the directors to make an informed judgment and engage in informed discussion.

Unless a committee expressly determines otherwise, the agenda, materials and minutes for each committee meeting will be available to all directors. In addition, all directors, whether or not members of the committee, will be free to make suggestions to the chairman of a committee for additions to the agenda of the committee or to request that an item from a committee's agenda be considered by the Board.

Executive Sessions

To ensure strong communication with the Chief Executive Officer, the independent directors may meet with the Chief Executive Officer (with no other members of management present) as the independent directors determine. To ensure free and open discussion and communication among directors, the independent directors must meet in executive session with no other Directors or members of management present at the conclusion of each quarterly regularly scheduled Board meeting and otherwise as the independent directors determine. The Lead Director will preside at those executive sessions.

Board, Committee and Director Assessment

The Board will conduct an annual assessment as provided in its charter. This evaluation will focus on the contribution of the Board as a whole and each Board committee.

Compensation of Directors; Trading in Company Stock; Use of Derivative Securities

The adequacy and form of director compensation will be determined annually by the Board, acting on the recommendations of the Compensation Committee.

Each director shall pre-clear any proposed transaction in the Company's Class A or Class B Stock with the Corporate Secretary of the Company, or if he or she is not available, the Chief Executive Officer of the Company.

Notwithstanding anything to the contrary contained in the Company's insider trading policy, directors shall not be allowed to use derivative securities with respect to the Company's Class A and Class B Stock.

Orientation and Education

Oppenheimer will provide an orientation and education program for directors in accordance with its charter.

SCHEDULE B

OPPENHEIMER HOLDINGS INC.

STANDARDS FOR DETERMINING INDEPENDENCE OF DIRECTORS

The board of directors (the "Board") of Oppenheimer Holdings Inc. ("Oppenheimer") has the responsibility of determining the independence of directors of Oppenheimer.

For a director to be considered an "independent", under applicable securities legislation and policy, he or she must have no direct or indirect material relationship with Oppenheimer, being a relationship that could, in the view of the Board, reasonably interfere with the exercise of a director's independent judgment.

The Board, upon the recommendation of the Nominating and Corporate Governance Committee of the Board (the "Governance Committee"), has considered the types of relationships that could reasonably be expected to be relevant to the independence of a director of Oppenheimer. The Board has determined that a director will be independent unless:

- (i) The director is, or has been within the last three years, an employee of Oppenheimer or any of its subsidiaries (Oppenheimer and its subsidiaries being hereinafter called the "Oppenheimer Group"), or an immediate family member is, or has been within the last three years, an executive officer of the Oppenheimer Group.
- (ii) The director has received, or has an immediate family member who has received, during any twelve-month period within the last three years, more than \$120,000 in direct compensation from the Oppenheimer Group, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service).
- (iii) (a) The director is a current partner or employee of a firm that is Oppenheimer's internal or external auditor; (b) the director has an immediate family member who is a current partner of such a firm; (c) the director has an immediate family member who is a current employee of such a firm and who personally works on Oppenheimer's audit; or (d) the director or an immediate family member was within the last three years a partner or employee of such a firm and personally worked on Oppenheimer's audit within that time.
- (iv) The director or an immediate family member is, or has been within the last three years, employed as an executive officer of another company where any of the Oppenheimer Group's present executive officers at the same time serves or served on that company's compensation committee.
- (v) The director is a current employee, or an immediate family member is a current executive officer, of a company that has made payments to, or received payments from the Oppenheimer

Group for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million, or 2% of such other company's consolidated gross revenues.

(vi) The director is determined by the Governance Committee not to be independent.
