FAHNESTOCK VINER HOLDINGS INC. INTERIM REPORT TO SHAREHOLDERS FOR THE SIX MONTHS ENDED JUNE 30, 1998

FAHNESTOCK VINER HOLDINGS INC.

To the Shareholders:

Fahnestock Viner Holdings Inc. reported earnings of U.S.\$6,205,000 or \$0.49 per share for the second quarter ended June 30, 1998 compared to U.S. \$4,506,000 or \$0.37 per share for the second quarter of 1997, an increase of 38%. Revenue for the second quarter of 1998 rose to a record U.S. \$67,903,000, an increase of 53% over revenue of U.S. \$44,418,000 in the second quarter of 1997, as commissions, investment banking income, and asset management fees reached new highs, all significantly affected by the acquisition of First of Michigan Corporation ("FOM") in July 1997.

Net profit for the six months ended June 30, 1998 was U.S. \$13,238,000 or \$1.04 per share compared to U.S. \$11,575,000 or \$0.94 per share for the comparable period of 1997, an increase of 14% in net profit. Revenue for the first six months of 1998 was U.S. \$137,102,000, an increase of 44% compared to revenue of U.S. \$94,906,000 in the first six months of 1997.

There was a continuation of strong markets in the second quarter of 1998 with stock indexes reaching new highs and with long bond yields at secular lows, making for a positive investment environment. Commission income increased by 55% in the second quarter of 1998 compared to the same period of 1997 due to strong mutual fund activity and increases in listed securities volume. Net revenue from principal transactions increased by 20%. Investment banking revenues and advisory fees both showed significant improvement in the second quarter of 1998 compared to 1997 due to increased underwriting and private placement activity. Net interest revenue (interest revenue less interest expense) increased by 27% in the second quarter of 1998 compared to the second quarter of 1997 as a result of higher client balances brought about both by the addition of the FOM business and a generally more active client business in 1998 compared to 1997. Expenses, other than interest, increased by 59% in the second quarter of 1998 compared to 1997, with FOM accounting for a substantial portion of the increase.

Operations at FOM improved in the second quarter, as the population of investment executives stabilized. The contribution of FOM continued to fall short of expectations, however, the process of rebuilding has begun. Higher than normal costs associated with terminations, transferring client accounts, repopulating branches and other attendant costs reduced profit margins in the second quarter of 1998, but are expected to reach more normal levels during the second half of 1998.

The weighted average number of shares outstanding in 1998 was 12,684,423, an increase of 3% over 12,265,760 outstanding in 1997 due to employee stock purchases through the 401(k) plan and the exercise of employee stock options. The Company purchased a total of 44,000 Class A non-voting shares at an average price of U.S. \$17.76 pursuant to the Normal Course Issuer Bid which terminated on July 1, 1998. The book value per share at June 30, 1998 was U.S. \$13.69, an increase of 16% compared to U.S. \$11.77 at June 30, 1997.

On June 30, 1998 the Company announced that commencing July 3, 1998 it intended to purchase up to 790,000 (approximately 10% of the public float) of its Class A non-voting shares by way of a Normal Course Issuer Bid through the facilities of The Toronto Stock Exchange and the New York Stock Exchange. The Company stated that it believes that the Class A non-voting shares may be undervalued from time to time and that the repurchase of such shares is an appropriate use of corporate funds. Unless terminated earlier by the Company, the Normal Course Issuer Bid will terminate on July 2, 1999. Copies of the Notice of Intention to Make a Normal Course Issuer Bid, as filed with securities regulatory authorities, may be obtained from the Company free of charge.

The Company announced today the declaration of a regular quarterly dividend payable to holders of Class A non-voting and Class B shares of record on August 7, 1998 in the amount of U.S.\$0.07 per share. The dividend payment date will be August 21, 1998.

On behalf of the Board,

E.K. Roberts, President

Toronto, Canada July 21, 1998

NOTES

⁽a) Basic earnings per share is based on the weighted average number of Class A non-voting and Class B shares outstanding of 12,684,423 in 1998 and 12,265,760 in 1997. Fully diluted earnings per share reflects the effect of outstanding employee stock options.

⁽b) The consolidated financial statements have been prepared using accounting principles generally accepted in Canada.

⁽c) The Company paid cash dividends on February 20, 1998 and May 22, 1998 to holders of Class A non-voting and Class B shares totaling \$1,778,000.

⁽d) Certain figures have been restated to conform with financial statement presentation adopted at December 31, 1997.
